

Dear Potential Sponsor:

Over the years, Charlotte Court has helped many children and young adults through basketball and academic programs, many of whom pursued athletics at higher levels. Charlotte Court emphasizes the importance of quality education and uses basketball and other sports as a motivator. Although sports is a major component of Charlotte Court, it is not the centerpiece. Instead, it is our goal to balance athletics, academics, and overall wellness.

The goal of Charlotte Court is to increase positive support systems for youth in KY. Not only will we continue to have competitive traveling basketball teams, but we will also host afterschool and summer programs that focus on academics, athletics, and overall wellness. Our goal is to reach as many students as possible through our programs to help reduce regression academically, behaviorally, and athletically.

By participating in our school programs, students will engage in a variety of academic activities, participate in several field trips, engage in physical fitness activities, and complete lessons to develop character education. We will promote cultural awareness and increase civic engagement by participating in diverse experiences and community service events.

Currently, our program has several competitive, traveling basketball teams. These athletes practice multiple times a week, participate in Charlotte Court Boot Camp, as well as Charlotte Court Skills Academy. Charlotte Court Boot camp was created by two parents, who work in the field of physical fitness. The purpose of Boot Camp is to help the players develop strength, endurance, and flexibility. During the Skills Academy, coaches offer explicit instruction and practice for basketball players. They focus on ball handling, offense and defense drills, and shooting drills.

With Charlotte Court being a non-profit, we depend on donations and sponsorships for individuals and businesses. This helps reduce the out of pocket cost on parents. Money collected is used for uniforms, equipment, tournaments, traveling expenses, and future programs. We have a lot of ideas, but need your support in order to implement them.

Please consider supporting our youth participants by becoming a program sponsor. Your generous tax-deductible donation will help pay for expenses associated with our various programs and help the teams to continue to compete nationally.

Should you have any questions, feel free to send an email to charlottecourt@outlook.com. Charlotte Court thanks you in advance for considering this request and look forward to your assistance as we build on our successes as a premiere academic and athletic program.

Sincerely,

Robert "Nimbo" Hammons
